# MEDITECH: INSPIRED SOLUTIONS FOR INSPIRED CARE

---

Thursday, September 24, 2015  
8:45-11:15 AM

## Interested in health care or software programming? Come to MEDITECH!

### ABOUT THIS PROGRAM

Founded in 1969, MEDITECH is a software and service company providing information systems for hospitals, doctors' offices and other major health care organizations in the US and around the world.

A student seminar, led by MEDITECH staff, is planned for School to Careers students at their stage of the art Canton building. This is for students interested in programming, software development, health care, training and other related professions.

We are fortunate to have MEDITECH's world headquarters located here in our community, and the company was founded right here in Massachusetts.

45 students total

**FREE OF CHARGE FOR SCHOOL TO CAREERS SCHOOLS. TRANSPORTATION IS PROVIDED.**
