BIOGEN:

Hands On Bio-Tech Lab

Tuesday, 11/7/17

9:00 AM – 1:00 PM

**FEEL LIKE GETTING YOUR HANDS DIRTY? HERE'S YOUR CHANCE.
COME TO A 21ST CENTURY LAB IN THE HEART OF CAMBRIDGE
AND SEE WHAT IT'S LIKE TO BE PART OF THE FUTURE**

ABOUT THE PROGRAM

The BIOGEN Community Lab is A signature example of commitment to STEM education and serves as a catalyst for students to learn firsthand that there are countless careers in science and biotechnology. It offers daylong, interactive science activities, intensive summer programs and opportunities to meet the “real” scientists of Biogen.

The Cambridge facility is the longest-running, hands-on corporate science lab in the nation, serving as the model for a growing number of similar initiatives in the biotech community.

Lab choices include ELISA, PCR Lab (DNA), Pharmacogenics, E coli and a number of protein assays. 30 students plus science teacher. Every school has its own lab date.

FREE OF CHARGE FOR SCHOOL TO CAREERS SCHOOLS. TRANSPORTATION IS PROVIDED.
