SIEMENS HEALTHINEERS: Healthcare Diagnostics

Thursday, May 16, 2019
9:00 – 1:00

HVAC. Engineering. Design. 21st Century Biotech Manufacturing.

ABOUT THIS PROGRAM

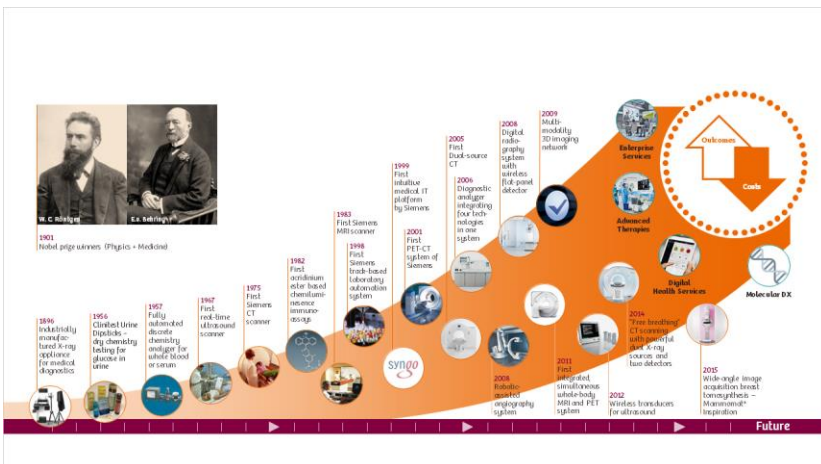

Siemens is one of the largest companies in the world and a leader in healthcare diagnostics identifying diseases and creating 21st century solutions for disease treatments.

The seminar and site visit will focus on Siemens’s broad spectrum of immunoassay chemistry, hematology, molecular, urinalysis and blood gas testing systems in conjunction with automation, information and services can serve the needs of laboratories of any size today and tomorrow.

Siemens staff will share their knowledge and backgrounds on how to prepare, enter and succeed in the biotech field. A hands on chemistry lab and tour of biotech labs and facilities with bio/chem/ engineering professionals is also included.

This is a brand-new re-designed program this year!

24 Students. Lunch Provided.

FREE OF CHARGE FOR SCHOOL TO CAREERS SCHOOLS. TRANSPORTATION IS PROVIDED.
